

# MOBILE PLANS

## CRITICAL INFORMATION SUMMARY

### Information about the service

Here's a quick summary of the important bits about your mobile plan.

It covers things like the inclusions and how much it costs each month.

This is a post-paid mobile phone service, which gives you access to our network, a mobile phone number, and let you make and receive calls, send and receive messages, and have access to mobile data.

### What's included and excluded

Unlimited national call value - with your monthly plan allowance you can make unlimited standard national calls to fixed and mobile numbers, including unlimited standard SMS and photo MMS, voicemail retrieval, and calls to 1800 and 13 - 1300\* numbers. **Micro, X-Small & Small** plans, unlimited included value cannot be used for making calls and sending SMS/MMS to international numbers. **XXL, XL, Large & Medium** plans have IDD to selected countries (Calls/SMS). Video MMS, calls to satellite numbers, usage when roaming overseas, among other assistance and special numbers will incur excess usage charges to your monthly bill. Calls and SMS/MMS to premium numbers (e.g. 19xx numbers), Sensis calls or other content charges (including third party charges) are barred.

Your monthly data allowance gives you access to the mobile data network. Unused data expires each month and cannot be used while roaming overseas.

### Using your service overseas

Your monthly included call and data value do not include usage while you're overseas, so you'll be charged separately for this usage. Roaming Data bolt-ons and Roaming Voice packs are available to be used overseas.

Roaming is not available in all the countries. Please refer to the International Roaming Sheet for more information.

### Additional Features

Roaming and Domestic data bolt-ons, as well as Roaming Voice packs are available for this service. Please refer to Additional Features Sheet for more information.
